Cordial Invitation

to the WORD OF GOD – Family

Take and Read!

THE WORD OF GOD – FAMILY

The members strive **to contemplate a small piece of the Holy Scripture daily** and thus form the family of Jesus:

“My mother and my brethren are those who hear the word of God and do it.” (Lk 8:21)

In this way they endeavour to accept more and more the thinking, the feeling and the action of Jesus:

“...be transformed by the renewal of your mind, that you may prove what is the will of God, what is good and acceptable and perfect.” (Rom 12:2)

It shows them the meaning of life and gives the deep peace of Jesus, yes even the “spiritual spring“ in the Church:

“The regular reading of the Holy Scripture, which is accompanied by prayer, makes this confidential dialogue possible, in which one listens to God, who speaks to you through the Scripture, and in which one answers to Him through prayer with trustful openness of the heart. If this exercise is effectively disseminated, I am convinced that it will lead to a new spiritual spring in the Church.” (Benedict XVI.)

The Brüder Samariter FLUHM are happy to provide spiritual counselling (silent retreats: explanations per email, text message, facebook etc.). For further information, please contact us at the address indicated.

TESTIMONIES

*“I had never taken the bible in general seriously.
I always thought: ‘It is only read by parish priests and religious.’
I did hear the gospel in church,
but I never really reflected on it.
Now I feel myself which power it has –
and the relationship to Jesus is also completely different.”*

*“I have arrived at the conclusion
that I have to make up my mind:
Do I want to continue to live as before
or do I want to listen to what Jesus says?”*

*“Only through reading in the bible daily
and the exchange with my friends did I understand
who God (Jesus) is in the first place.
My image of God has totally changed –
I had this punishing God in me
and could not let Him love me for years,
because I did not believe,
even though I thought that I was a faithful person.”*

*“The contemplation of the word of God
delivered me from my inner void and powerlessness.
It filled me with joy! Pure lip prayer exhausts!”*
